

Important announcement regarding English evaluation of entrance exam

(Examination for summer 2012 and winter 2013)

TOEFL-iBT, TOEIC, or TOEIC Institutional Program (IP), taken in advance by each applicant, will be used to evaluate English skill in the entrance examination for Department of Genetics, School of Life Science, SOKENDAI. English test is not included in the written test on the entrance examination day.

Acceptable Tests:

TOEFL-iBT, TOEIC, or TOEIC Institutional Program (IP) taken after April 2010.

Submission of Score for the application

Submit a copy of Examinee's Score Record for TOEFL-iBT, Official Certificate for TOEIC, or Score Report for TOEIC Institutional Program (IP) for the application. In addition, bring the original on the day of the entrance exam. If you can not obtain the Score Record on the day of application, bringing the original score on the day of the entrance exam is sufficient.

If you use TOEFL-iBT score, you can arrange the score to be sent directly from ETS to the Department of Genetics. In that case, you do not have to bring the original score on the day of the exam.

Institution Codes: 7564

Institution Name: Graduate School of Advanced Studies (SOKENDAI)

Notice

Because the dates and sites for those English tests are limited, we recommend you to take the exam sufficiently early, if you consider the application.
