

Application Guidelines for NIG Special Collaboration with Research Students 2015

1. Number of Student to be accepted

Department of Molecular Genetics
Department of Cell Genetics
Department of Developmental Genetics
Department of Population Genetics
Department of Integrated Genetics
Center for Frontier Research
Genetic Strains Research Center
Structural Biology Center
Center for Information Biology
Experimental Farm
Advanced Genomics Center

Availability Limited

2. Eligible Applicants

Graduate students in the master's or doctoral course who are studying Genetics or related academic field.

3. Research Outline

Please refer to the attached Research Outline 2015. PIs who wish to entrust their students to NIG need consult with our host faculty members before preparing and submitting an application.

4. Acceptance Period

First Recruitment: From April 1st, 2015 through March 31st, 2016

Second Recruitment: From October 1st, 2015 through September 30th, 2016

As a general rule, acceptance period is one year or less, but it is extendable upon request.

However, students in the master's course are not allowed to stay more than one year.

If you wish to apply for this program in the acceptance period other than above, please consult with NIG Research Promotion Team.

5. Documents to be submitted

○Application Form for Special Collaboration with Research Students 1 copy (Form No. 1)

○Curriculum Vitae (to be filled out by the student) 1 copy (Form No. 2)

Application guidelines and forms can be downloaded from our website at:

<http://www.nig.ac.jp/welcome/2015bosyuT.html>

6. Submission Deadline

First Recruitment: Friday, February 20th, 2015

Second Recruitment: Friday, August 21st, 2015

7. Acceptance Decision

Acceptance decision will be made based on screening of the submitted application and the result will be announced to the President or Dean of applicant's home university.

8. Termination of Research Training

After the end of the research training period, a certificate of completion will be issued to the student and a completion notification letter will be sent to the President or Dean of his/her home university.

9. Accident Compensation

NIG does not offer any accident compensation insurance to students.

Please purchase the following student insurance of the Japan Educational Exchanges and Services through your home university. This insurance is available only for Japanese students. Foreign students are required to purchase accident compensation insurance in their own country.
